

Quarterly Disclosure Statement for 1 January 2014 – 31 December 2014 Kiwi Wealth KiwiSaver Scheme CashPlus Fund

What is the purpose of this statement?

This statement provides key information about the Kiwi Wealth KiwiSaver Scheme (called the Gareth Morgan KiwiSaver Scheme before 1 April 2014) CashPlus Fund. It tells you how the fund has performed and what fees it charged, and will help you to compare it with other funds. We prepared this statement in accordance with the KiwiSaver (Periodic Disclosure) Regulations 2013. This information is not audited and may be updated.

Description of the fund

The CashPlus Fund has up to 60% in fixed interest assets, and the balance in cash. The objective is to exceed the returns you would receive from investing 75% of your money in New Zealand cash and 25% in New Zealand fixed interest assets.

The CashPlus fund is referred to as the “CashPlus investment portfolio” in the Kiwi Wealth KiwiSaver Scheme investment statement and prospectus.

|-------------------------------|--------------|
| Total value of the fund | \$23,684,309 |
| Number of members in the fund | 4,948 |
| Date the fund started | 1/6/2012 |

How has the fund performed?

| | Past year |
|---|-----------|
| Annual return <i>(after deductions for fund fees and tax¹)</i> | 3.16% |

How has the fund performed in the past?

This shows the return after fund fees and tax for each tax year since the fund started and the average annual return since the fund started. It’s important to note that this doesn’t tell you how the fund will perform in the future.

What fees were members charged?

The returns above are after deductions for **fund fees**². These fees were last totalled up for the year to 31 March 2014 and were:

| | |
|-----------------------------------|---------------------------------------|
| Total fund fees | 0.93 % of members' investments |
| <i>Which are made up of:</i> | |
| Annual management fee | 0.92% |
| Performance-based fees | 0.00% |
| Other fees and costs ³ | 0.01% |

Members were also charged **membership fees**⁴ of **\$0** over the year to 31 March 2014.

The annual management fee is referred to as the "annual member fee" in the Kiwi Wealth KiwiSaver Scheme investment statement and prospectus. The fund's actual annual management fee is charged at 0.70% per annum. The annual member fee each member pays is subject to a minimum fee of \$50 per annum. Therefore for members with an account balance of less than \$7,143, the actual member fee charged as a percentage of the member account balance may be higher than that stated in the Kiwi Wealth KiwiSaver Scheme investment statement and prospectus.

Example of how this applies to a member

Alice had \$10,000 in the fund at the start of the year and didn't make any further contributions. At the end of the year, Alice received a return after fund fees and tax were deducted of \$316 (that's 3.16% of her initial \$10,000). Alice also paid \$0.00 in membership fees. This gives Alice a total return of \$316 for the year.

Notes

¹ Returns in this statement are after tax at the highest prescribed investor rate (PIR) of tax for an individual New Zealand resident. Your tax rate may be lower.

² Fund fees are fees charged as a percentage of a member's interest in the fund (i.e. as a percentage of their KiwiSaver account balance).

³ An estimate has been used to calculate the underlying fund fees which are included in 'Other fees and costs'. Underlying fund fees have been estimated using end of month holdings and the total expense ratio (TER) stated in the underlying funds' disclosure statements.

⁴ Membership fees are the fixed dollar charges for membership in the KiwiSaver scheme.

⁵ The target investment mix is the asset allocation mix of our chosen benchmark for the fund. The actual investment mix will at times differ to the target investment mix because we have an active investment management style.
