

## Quarterly Disclosure Statement for 1 April 2015 – 31 March 2016 Kiwi Wealth KiwiSaver Scheme Cash Fund

### What is the purpose of this statement?

This statement provides key information about the Kiwi Wealth KiwiSaver Scheme Cash Fund. It tells you how the fund has performed and what fees it charged, and will help you to compare it with other funds. We prepared this statement in accordance with the KiwiSaver (Periodic Disclosure) Regulations 2013. This information is not audited and may be updated.

### Description of the fund

The Cash Fund is 100% cash (e.g. short-term bank deposits, bank bills). The objective is to exceed the returns you would receive from investing 100% of your money in New Zealand cash.

*The Cash Fund is referred to as the "Cash investment portfolio" in the Kiwi Wealth KiwiSaver Scheme investment statement and prospectus.*

Total value of the fund	\$88,056,985
Number of members in the fund	12,529
Date the fund started	12/9/2012

### How has the fund performed?

	Past year
<b>Annual return</b> <i>(after deductions for fund fees and tax<sup>1</sup>)</i>	2.42%

### How has the fund performed in the past?

This shows the return after fund fees and tax for each tax year since the fund started and the average annual return since the fund started. It's important to note that this doesn't tell you how the fund will perform in the future.

### What fees were members charged?

The returns above are after deductions for **fund fees**<sup>2</sup>. These fees were last totalled up for the year to 31 March 2015 and were:

<b>Total fund fees</b>	<b>0.85 % of members' investments</b>
<i>Which are made up of:</i>	
Annual management fee	0.85%
Performance-based fees	0.00%
Other fees and costs	0.00%

Members were also charged **membership fees**<sup>3</sup> of **\$0** over the year to 31 March 2015.

*The annual management fee is referred to as the "annual member fee" in the Kiwi Wealth KiwiSaver Scheme investment statement and prospectus. The fund's actual annual management fee is charged at 0.45% per annum. The annual member fee each member pays is subject to a minimum fee of \$50 per annum. Therefore for members with an account balance of less than \$11,111, the actual member fee charged as a percentage of the member account balance may be higher than that stated in the Kiwi Wealth KiwiSaver Scheme investment statement and prospectus.*

### Example of how this applies to a member

Alice had \$10,000 in the fund at the start of the year and didn't make any further contributions. At the end of the year, Alice received a return after fund fees and tax were deducted of \$242 (that's 2.42% of her initial \$10,000). Alice also paid \$0.00 in membership fees. This gives Alice a total return of \$242 for the year.
